Fax 404.420.2855

Cancellation Policy

Clients are asked to provide a minimum of 24 hours notice if they need to cancel a session. Without such notice, there is little likelihood that Dr. Rubin will be able to fill that time slot with someone on the waiting list. Therefore, clients canceling less than 24 hours from their session time will be charged for sessions canceled under those circumstances, unless the time slot has been able to be filled. We apologize in advance for any inconvenience this policy may cause.

My signature below indicates I understand the cancellation policy and agree to its conditions.
